

An advanced system to make applications simple.

A NOVEL APPROACH:
PRODUCE PROTECTION ON YOUR TERMS

Designed for simplicity, driven by innovation, and customized by you, the MaTri System delivers confidence, control, and consistent produce protection.

MATRI PRODUCTS

MaTri POWDER
 Premium quality 1-MCP cold storage treatment for apples and pears

MaTri GENERATOR
 Corrosion-resistant, easy to use generator powered by long-lasting, rechargeable batteries.

FREE with \$5,000 purchase of MaTri Powder (limit 5)

MaTri TABLETS
 Easy and convenient cold storage and transition treatment that requires no generator.

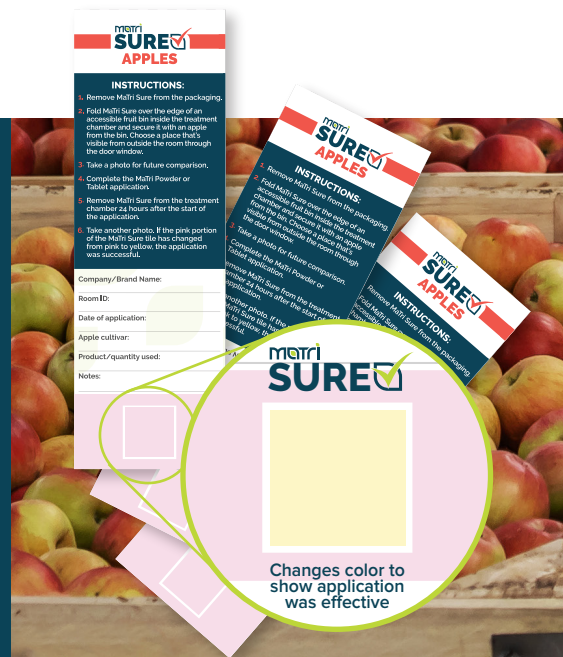

MaTri SURE
 Instant confidence that your MaTri Powder or Tablet application was successful and your produce is protected.

FREE with every purchase of MaTri Powder or Tablets

NEW MaTri SURE
 RISK MANAGEMENT

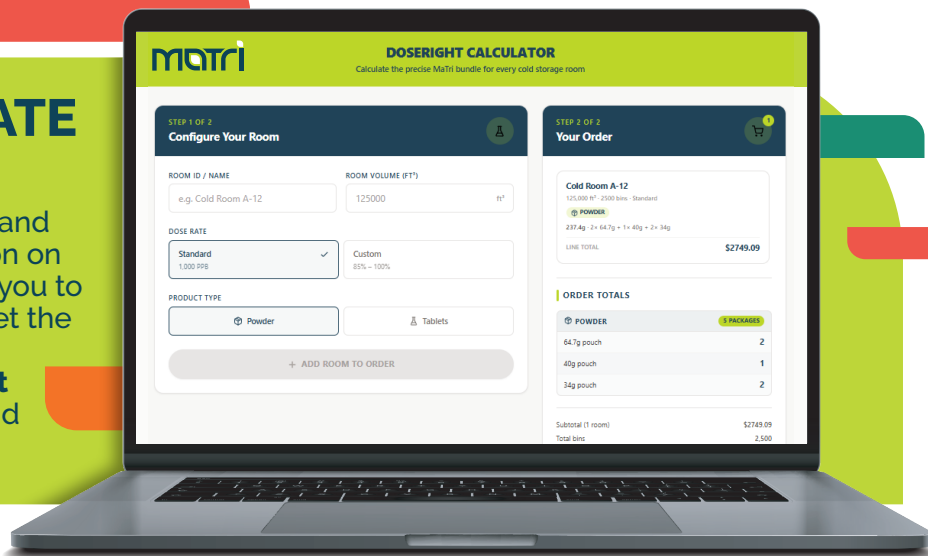

Instant confidence that your MaTri Powder or Tablet room application was successful and your produce is protected.

1. Simply hang the MaTri Sure strip on any bin.
2. Check it after 24 hours.
3. A change in the color from pink to yellow indicates a successful application in real-time.
4. A negative test result enables instant decisions on whether re-application is needed.

CONTROL YOUR DOSE RATE WITH DOSERIGHT

Many factors, such as cultivar, harvest timing and fruit condition, influence the rate of application on produce. The MaTri DoseRight system allows you to select the right dose rate for your situation, get the best outcome for your fruit and control cost. Simply use the **MaTri DoseRight Calculator at ma-tri.com** to customize your optimal rate and enjoy **pricing by the product, not the bin**.
